SPECIFICATION

DETAILS	
Product Name	HiluX D8 Tilt 360 ShellyX LED Downlight
Voltage	220–240V
Wattage	8W LED
Color Temperature (CCT)	2200K – 6000K (Tunable)
Lumen Output	600 lm @ 6000K / 360 lm @ 2200K
Output Current	170 mA
Output Voltage	30V – 38V
Beam Angle	40°
Color Rendering Index (CRI)	Ra ≥ 95 (High CRI)
IP Rating	IP44
Working Temperature	-20°C ... +40°C
Power Factor (PF)	> 0.9
Dimmable	0% – 100%
Insulation Class	Class III
Lifetime	50,000 hours
Diameter	Ø90 mm
Recessed Height	39 mm
Cut Out	Ø68 mm – 83 mm
Material	Die-cast aluminum
Color Options	Black / White
Connectivity	Works with Shelly WiFi and Bluetooth

High-Quality Lighting

Full spectrum LED with Ra≥95 color rendering index ensures accurate color representation and superior lighting quality.

Smart Connectivity

Seamlessly works with Shelly WiFi and Bluetooth for complete control through the Shelly app or your smart home system. Can be paired directly with Shelly BLU buttons without Wifi.

Tilt 360° Design

Adjustable tilt functionality provides flexible lighting direction for perfect illumination in any space.

Tunable White

Adjust from warm white (2200K) to cool white (6000K) to match your mood, time of day, or activity.

European Certified

IP44 rated and fully certified for installation in ceilings throughout Europe with Class III insulation.

Energy Efficient

Just 8W power consumption with high light output (600lm) and exceptional 50,000-hour lifetime.
